HEX HEAD SCREW

PRODUCT INFORMATION SHEET

Product Code

- 2" (51 mm) NUS-ASHEX-20
- 2 ½" (64 mm) NUS-ASHEX-25
- 3" (76 mm) NUS-ASHEX-30

Product Description

Nudura's ¼" (6mm) Hex Head Screw with Steel Flat Washer is a coarse thread #10 (5mm) diameter screw available in three standard lengths; 2" (51mm), 2 ½" (64mm), and 3" (76mm). Each screw is zinc plated and contains a floating steel flat washer to prevent the screw head from penetrating through the material it is being fastened into. Two ¼" (6mm) nut drivers are included in each pail of hex head screws.

Basic Uses

The Nudura Hex Head Screws can be used for various applications on the jobsite. These including connecting the Nudura Alignment system to the wall, for use with the Nudura One Series, and attachment of strapping and buck material to the Nudura form. The Nudura Hex Head Screws are not suitable for permanent installation in an exterior application.

Packaging

Nudura's Hex Head Screws are packaged 1,000 pieces in a durable clear plastic pail.

Box Length: 9" (229 mm)

Box Width: 9" (229 mm)
